Experience **Longaccess**

Sep 2013 – Aug 2015 / Athens

Lead User Interface Designer

Led design and worked closely with software engineers. Designed and developed user interfaces for three complex web platforms using Sketch: Longaccess, Deepfreeze.io, and BigStash. Created user-centred designs for Mac OS and Windows native apps. Developed and maintained an evolving set of style guidelines. Managed and guided contractors to ensure timely product launches and meet deadlines. Involving all team members in the thought process, I always kept the optimal user experience as a priority with a focus on Human-Centred Design principles.

Self-employed

Sep 2012 – Present / London & Athens

Freelance Multidisciplinary Designer

Designed and developed landing pages and user interfaces for individuals, small teams, and large corporations working remotely as well as in-house. Consulted startups on design strategy and collaborated with software engineers, copywriters and marketing managers.

Babography

Jul 2014 – Dec 2014 / Athens

Freelance Design Consultant

Led design, consulted and collaborated with software engineers, and redesigned the company's online presence.

Studio INI

Aug 2018 – Sep 2018 / London

Design Prototyping

Assisted with design and hands-on prototyping the installation for the 2018 London Design Biennale's Greek pavilion which was installed in the courtyard of Somerset House as centrepiece to the exhibition.

Something & Son

Jun 2018 – Jul 2018 / London

Design Intern

Assisted with A Common Ground: an interaction design project at Tate Britain.

Forensic Architecture

May 2018 – Jul 2018 / London

Project Volunteer

Assisted in investigating the murder of Greek anti-fascist rapper Pavlos Fyssas. Worked primarily on video editing, audio editing and syncing, and subtitling.
